

Description of the Grant Program

The LCMS Kansas District is pleased to be able to offer funding assistance to congregations, schools or organizations interested in participating in the Synod’s re:Vitality program, which is designed to foster church revitalization. The re:Vitality program is workshop-based, offering a combination of video instruction modules and facilitated discussion and activities. The Kansas District is currently offering mini-grants to help offset the cost of acquiring materials and hosting a workshop. Grants will be awarded based on availability of funds and needs of the congregation, school, or organization.
