

I've been a Lutheran school teacher for two and a half years. I love being able to share the love of Christ each and every day with my students. I also love that my students and I can make biblical connections to everything we're learning.

LCMS Kansas District ASH WEDNESDAY OFFERING

We invite you to join LCMS Kansans throughout the District in our annual effort to raise funds for scholarships and grants for future and active church workers, like Mrs. Stichler (above) and Pr. Roth (below).

If you'd like to make a gift and are writing a check, please make it payable to your church with "Ash Wednesday Offering" in the memo line.

You may also contribute by sending a check directly to the LCMS Kansas District at 1000 SW 10th Ave, Topeka, KS, 66604.

Church work is a noble calling, but pursuing a church vocation can be costly, leaving many students burdened with considerable debt (and those numbers rise every year).

We want to help. Since 1998, we've awarded scholarships to students pursuing church work, along with educational loan repayment grants to active church workers. In 2018 we were able to award \$28,841 in scholarships and \$26,605 in loan repayment grants to 57 recipients.

YOU make this possible. Thank you!

The greatest blessing of being a Lutheran pastor is being a steward of Christ's Gospel. Many things are said in Christ's name, but only *He* is the Truth. The joy of seeing someone receive Him for the first time is beyond comparison. To see guilt and burden lifted and replaced with joy and life is truly amazing.

Pr. Timothy Roth
