## About Our Presenters & Registration

### KEYNOTE 1 SPEAKER: BETH TOLAND

Beth is in her ninth year at Allen Community College building their ECE associate degree and certificate program. She previously taught in Alexandria, Virginia, after earning her teaching certificate and master's from the University of Kansas. During her college career she was able to spend time in nationally recognized programs such as KU's Language Acquisition Preschool and Raintree Montessori.

### ADDRESSING SCHOOL READINESS WITH BEST PRACTICES!

Creative experiences. Academic rigor. Challenging behaviors. Capturing children's hearts! How do these all come into play when addressing school readiness? In our time together, we will bounce from lecture, small group and individual exploration, and reflection to gather, experience and evaluate our current practices to set goals for our future practices!

### KEYNOTE 2 SPEAKER: KELLY HEISKELL

Kelly is a speech pathologist with the school district in Lamar, Missouri. She will present on brain development as related to attachment relationships, nutrition, and experiences. She will then talk about how lack of these things creates holes in development and how this may lead to the diagnosis of developmental disorders.

### REGISTRATION

Name \_\_\_\_\_  
(as you want it to appear on your name tag)

Position/Work Title \_\_\_\_\_

Name of Employer \_\_\_\_\_

Employer Address \_\_\_\_\_

City, State, Zip \_\_\_\_\_
