NEWS FROM THE FIELD

- ❖ Progress continues with construction of the two seminary buildings in Guinea, which began in April 2023. The Evangelical Lutheran Church in Guinea (ELCG) has provided good local support with procurement of sand and gravel for concrete, stone blocks, hand-made bricks, excavation, latrine digging, and a shelter for the materials and bricks.
- ❖ The Lutheran Center for Theological Studies (CLET) Guinea students receive Basic Theological Formation training, which continues to make an impact. “I thank the Lord for His protection and the courage He gives me to study His Word,” stated Saa Solomon Koundouno, a CLET-Guinea seminary student, “I also thank my dear supervisors, the national church, and all the partners of the LCMS for their spiritual, moral, and financial support. May they continue to support me and my colleagues so that the Lord continues to remain with us and our families.”
- ❖ In May 2023, the Saint Paul School building near Guéckédou suffered damage from violent storms. 120 children were without classrooms until June. LCMS Disaster Relief began repairs in 2023, and the Evangelical Lutheran Church in Guinea (ELCG) repaired table benches, desks, and a collapsed wall.
- ❖ The Care of Souls Hospital & Prison Ministry continues to meet the material and financial needs of patients and prisoners by providing food, clothes, Bibles, mats, soap, and medical supplies.
